The judiciary is the system of courts which decides whether someone has broken the law and, if so, what course of action should be taken, including punishment if necessary. Sometimes it also examines whether a decision taken by the executive is right, or whether a law passed by the legislature is well conceived and fair to all.

In any good system of governance, these three organs must be kept separate, although they interact with each other and work together. This separation is called the 'separation of powers'.

- a. Name the three organs.
b. Which organ decides if a law passed by the legislature is well conceived and fair to all or not?
c. Which organ makes the law?
