

Oman Tree Day

Oman Tree Day is celebrated on 31st October every year all over Oman as an affirmation for the importance of different kinds of trees. The students of *ISWK, Primary Wing* paid a tribute to Nature's bounties and in particular – **THE TREES**, by conducting virtual special assemblies. The Special Assemblies included fascinating pre-recorded videos of our young **PLANET PROTECTORS** from Classes I and II. Thought provoking narrations, melodious songs, graceful dance performances, creative art and slogans were enthusiastically presented. "Let us sow some seeds today, because to plant a seed is to believe in tomorrow" - is a reminder to each one of us to conserve the Gifts of Nature showered on us. The assembly was concluded with a humble request encouraging the viewers to join in a pledge to plant more trees every year and contribute towards protecting the environment.
