

Blue Day

The colour Blue symbolizes loyalty, strength, wisdom and trust. The 'Blue' colour day for Kindergarten was celebrated on Wednesday, the 9th of June 2021.

All the students were dressed in different shades of blue and had blue wands in their hands. The pleasant shades of blue added life, serenity and vigour to the class. To make the activity more inclusive, children brought their favorite blue colour objects and spoke about them. The sprightly young tiny tots participated with great enthusiasm and sang innovative songs on the colour "BLUE" and added graceful body movements.

They enjoyed the assembly and contributed with immense zeal. It was a fun filled 'BLUE DAY', with a calming effect on the children.
