

RED DAY ASSEMBLY

The 'Red' colour day for Kindergarten 1 was celebrated on Thursday, 19th May 2021. The colour red symbolizes courage, love, joy, passion and life.

The Kindergarten children were seen in different shades of red dresses and Lady Bug headgear which made our tiny tots feel bright, lively and cheerful.

A special assembly was conducted with emphasis on the significance of the colour 'Red'. Since it was their first special assembly, the tiny tots sang the 'Red Day' songs with a lot of energy and exuberance. The 'Red Day' celebration was a wonderful learning activity which helped children to sort and classify objects based on colours, thereby reinforcing their cognitive skills. It was a great learning experience for children as they actively participated in the assembly. It was a fun-filled 'RED DAY'.
