- ✓ Imagine you were growing in a summer garden! What would you like to be and why? (flower/plant/ tree etc....) Write down your thoughts in the space given below to complete this piece of creative writing.

I want to be a tall, friendly tree in a sunny summer garden. I would stand strong with my roots deep in the warm soil. My branches and green leaves would sway gently in the breeze while I listen to birds singing and watch butterflies flutter around me. I would give cool shade to children playing below and cozy homes to little birds in my branches. Every day, I would help the garden stay happy and healthy.
