**Follow the instruction given below to make a 3D-Paper House City.**

**Fold to stick**

**Fold to stick**

**Fold to stick**

## **INSTRUCTIONS**

- 1. Take an A4 size white paper, fold half and stick to use it as a base.
- 2. Cut on the dotted line the first four pictures of the houses, fold on the folding strip and stick on the folded edge of the base.
- Then stick blue colour paper half on the remaining base and stick the picture of houseboat on it.
- On the remaining half white base stick the picture of an igloo.
- Cut the extra road strip given below and stick to both the ends.
- Stick the picture of caravan on the road strip.
