QII.A) Label the different parts of a leaf in the diagram given below.

QII.B) Give reason.

- 1. The leaf is also called as 'the Kitchen of the Plant'.

QIII. Name the following.

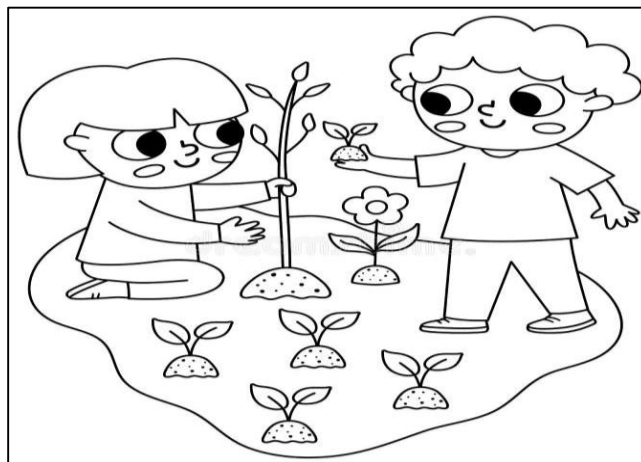

- 1. The part of the plant that prevents the plant from being pulled out easily or blown away by the wind. _____
- 2. The part of the plant that contains a baby plant and food for the baby plant. _____
- 3. Small roots that grow on all the sides of the main root. _____
- 4. The people who are concerned about protecting and preserving the environment.

QIV. Think and give appropriate answers to the questions that follow.

a) Suzy saw a man cutting down the trees. She is worried that the balance of nature will be disturbed if it is not stopped. Why do you think we should not cut the trees?

b) At school, Ruhi discovered that a plant's roots prevent it from being pulled out or getting blown away by the wind. How do the plant's roots support it?

QV. 'Ek Ped Maa Ke Naam' was one of the initiatives taken by the Eco Club of the Department of EVS at the Preparatory Level that showcased the love and care towards the plants. Read the questions carefully about the initiatives taken by the Government of India and answer them.

1. Name the festival of planting trees.

2. Name the Department of the Government of India responsible for the protection of the forests.

3. Name the theme of the programme.
