Q1. Look at the pictures given below and identify the sources of water. Write their names and whether they are man-made or natural sources.

BHOLU THE THIRSTY CROW

There was a crow named Bholu. He enjoyed flying over the hills, ponds, and lakes. One day while flying, Bholu saw some dams with high walls built across the rivers to store water. Then he understood these dams were man-made. Soon he reached a desert. He was very thirsty. He searched for water everywhere. At last, near a well, he saw a huge jug with very little water in it. Bholu saw some stones nearby. He picked some stones and put them one by one into the jug. The water came up. The crow drank the water and flew away happily.
