DEPARTMENT OF ENGLISH [2022– 2023]

TOPIC: Reading Comprehension

WORKSHEET

RESOURCE PERSON: Annie Mathew

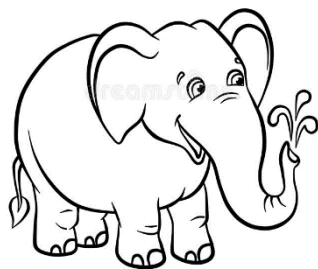

NAME: _____ CLASS: III SEC: ___ DATE: _____

Read the following passage and answer the questions.

An elephant is the largest animal that lives on land. Elephants smell, pluck grass, carry things and wash themselves with their long trunks. Elephants can suck almost twelve litres of water into their trunk at one time. They use it for drinking or spraying on themselves. They have tusks - long teeth made of ivory. They eat grass, fruits, small branches and barks of trees. Elephants are found in the grass lands of Africa and forests of Asia. They live in groups called herds. A baby elephant is called a calf.

Some more elephant facts:

- ❖ They sleep standing up.
- ❖ They cool off by fanning their ears.
- ❖ An adult elephant weighs up to 4000 kilograms.
- ❖ They need lots of space to roam about and eat.

A. Tick the correct words to complete the sentences.
